

Mageto Nyakoni

Fort Worth, TX · 201-912-0633 · mageto.nya@gmail.com · [linkedin.com/in/mageto-nyakoni](https://www.linkedin.com/in/mageto-nyakoni)

Objective

Software Engineer and incoming Northeastern M.S. Semiconductor Engineering candidate. Award-winning engineer with a focus on bridging the knowledge gap between software and other cross-functional teams. I aim to leverage my proficiency in Python and Java to support security and accelerate business operations with industry best practices.

Education

Northeastern University **Admitted for Fall 2026**
M.S. in Semiconductor Engineering, Concentration in Materials & Manufacturing Boston, MA

- **Scholarships & Honors:** Recipient, 55% Merit-Based Tuition Scholarship

The University of Texas at Dallas **May 2025**
B.S. in Software Engineering Richardson, TX

- **Scholarships & Honors:** Academic Excellence Scholarship, NSBE Bridge Scholar, INROADS Fellow
- **Relevant Coursework:** Algorithms & Data Structures, Operating Systems, Databases, Software Testing, Software Project Planning, Requirements Engineering, Intro to Machine Learning

Technical Skills

Hardware & Semiconductor Exposure: Circuits & Arduino (STEM instruction), 3D design, semiconductor ecosystem exposure through NTxSI, strong interest in device fabrication, process Automation, hardware-in-the-loop (HIL), or rapid prototyping

Programming & Automation: Python (Pandas/Data Analysis), Java (Spring Boot/Full Stack), JavaScript, Next.js, React, SQL, and Git/GitHub

Systems & Product Design: Requirements Engineering, User Story Authoring (Jira), UX/UI Design (Figma), Cross-functional Communication

Experience

Revature **December 2025 – February 2026**
Java Full Stack Software Engineer Plano, TX

- Completing intensive training in Java full-stack development, focusing on Spring and modern web technologies

North Texas Semiconductor Institute (NTxSI) **November 2024 – August 2025**
Student Assistant Richardson, TX

- Translated complex semiconductor fabrication processes and cleanroom concepts into accessible demonstrations for K-12 students, reinforcing foundational knowledge of device manufacturing and yield analysis
- Maintained North Texas Semiconductor Institute website, shipped UX updates and CSS refactors to align stakeholder requirements

Match Group (Match.com) **June 2024 – August 2024**
Product Manager Intern, Growth & Monetization Dallas, TX

- Gathered requirements with Payments Engineering, Finance, and Legal; authored 45 Jira user stories and co-owned a subscription payments migration plan, with a projected ~30% profit uplift and weekly executive readouts
- Co-led a Gen-Z acquisition workstream, building a feature roadmap and outlining risks/dependencies; concept work was projected to increase MAU by ~8%
- Coordinated across six cross-functional partners (Engineering, Finance, Legal, Design, Data, QA) to fully develop a growth-focused feature designed to increase user engagement and retention

RSM **June 2023 – August 2023**
Data Analyst Intern, Innovation Team Minneapolis, MN

- Utilized Power BI to analyze course completion and demographic data for 1,000+ employees; proposed a strategy targeting a 30% increase in program adoption
- Implemented Python & Pandas to clean and transform data across three projects, improving Data Science team throughput by ~20%

HAKing Innovation

Mar 2023 – Mar 2024

Engineering Intern

Dallas, TX

- Introduced Programming, 3D Design, Circuits, and Arduino to 100+ Dallas ISD students in after-school and summer STEM programs
- Assisted with hands-on lab-style activities, building early familiarity with electronic circuits and hardware concepts while refining technical communication skills

Projects

Mustang Optics Website

Next.js, Vercel, JavaScript, HTML/CSS, Git

- Designed and developed a fully responsive website from scratch for a small optics engineering business using Next.js, with reusable components and modern UI patterns
- Created design mockups in Figma and ensured usability and visual consistency across devices; deployed and maintained the site on Vercel

Location Verification App

Flutter, Dart, C++, Java

- Designed an intuitive UI/UX for a cross-platform mobile application (Android and iOS) using Flutter, ensuring seamless navigation and clear location feedback
- Collaborated with a team of five to integrate GPS tracking and backend services, optimizing real-time updates for location verification and improving overall responsiveness

Leadership & Community

Product@Dallas

July 2024 – May 2025

Co-Founder & Program Manager

UT Dallas Chapter

- Co-founded the first Product Management student organization at UT Dallas; grew participation to 30+ active members
- Organized product case workshops and mock panels; supported 10+ members in earning PM/SWE offers at companies such as Microsoft and Salesforce

Jonsson School of Engineering Council

April 2024 – April 2025

President & Council Secretary

UT Dallas

- Led council initiatives and supported 20+ engineering organizations through monthly town halls and standardized status reporting to the Dean and faculty
- Built a new onboarding roadmap and monthly readout structure, improving council membership engagement and good standing by ~40%

National Society of Black Engineers (NSBE), UTD Chapter

April 2023 – May 2025

President

UT Dallas Chapter

- Secured \$15k+ in funding by leading a 15-member executive board using agile planning for programs supporting underrepresented engineering students
- Increased chapter membership by ~300% through campus outreach and collaborations with engineering and cultural organizations

Microsoft

September 2023 – May 2025

Teals Volunteer

Dallas, TX

- Supporting JJ Pearce HS's AP Computer Science A Teachers in instructing **Java** & **OOP** for 30+ students

Additional Affiliations: Management Leadership for Tomorrow, ColorStack, ACM, African Student Union

Awards

- 1st Place — **Apple Black@Hardware Award**, \$5,000 2024
- 1st Place — **Tindership Hackathon** (Best Overall Product), \$5,000 2024
- **NSBE Region 5 Community Enrichment Vanguard Award** 2024
- **INROADS "The Future You" Award** 2024
